GIN INSURANCE

The season for insuring gins is about here,
and I am better equipped than ever to handle
this class of business. My companies' rates are
as reasonable as the hazard will admit and are
as low as any reliable company.

I am also in position to insure country prop-
erty—i.e. dwellings and country stores.

THIRTY-ONE CASES.

This Number at New Orleans Wed-
nesday and Four Deaths.

SITUATION IS SAME

Rainfall Continues and Population
Is Seeing to It That There Is
No Accumulation of Water
as a Result.

New Orleans, Sept. 7.—Following is
yellow fever report up to 6 o'clock
Wednesday evening: New cases, 31;
total, 2142; deaths, 4; total 298; new
foci, 6; cases under treatment, 317;
cases discharged, 1527.

There was no bad news from the
country. The following reports have
been received:

Jefferson parish: Kenner, four cases;
Hanson City, five cases, three deaths;
Kinlin's camp, two cases; Fisher's
camp, two cases; Shrewsbury, one
death.

St. Bernard parish: Patterson, twelve
cases; Amelia, six cases; Tallulah,
twenty-one cases in all; Lake Providence,
nine cases.

Dr. White's warning to the people of
New Orleans to be on their guard
against frequent and excessive rainfalls
during September, which would tend
largely to multiply the breeding places
of stegomyia, bids fair to be borne out
as far as precipitation is concerned,
though the reduction in the number of
new cases of fever during the past ten
days does not indicate that the mos-
quitoes are taking advantage of their
opportunities. After a forenoon of clear
and pleasant weather a heavy rain set
in again Wednesday, flushing gutters
throughout the city and creating fresh
ponds and pools in every vacant lot.
For ten days past there have been
showers nearly every day. Infection,
however, is spreading more and more
slowly, and the conclusion drawn is
that screening of cisterns, oiling and
sailing of gutters and fumigation of
premises have accomplished the de-
struction of millions of mosquitoes,
which otherwise would now be deposit-
ing their larvae in the new fresh breed-
ing places provided for them on every
side.

One of the peculiarities of the situa-
tion now is that there are two strikes
in progress. In both instances the
struggle is for better pay and better
hours than prevailed before the fever.
The strikers and teamsters and paint-
ers.

The woman's organization, formed
some time ago, of prominent members
of the sex, have made reports of the
work done by its representatives in
each ward. One woman visited houses
in 150 blocks. Others covered almost
as large an amount of territory. One
reported that she had personally super-
intended the fumigating of thirty
houses in which negroes resided. The
ladies who volunteered to make the
cavass and plead for disinfection went
into all sorts of neighborhoods and re-
ceived both courtesy and rebuff, but
the net result of their work was large.

GUARD KILLS NEGRO.

Latter Had Assaulted the Former and
Self-Defense Is Claimed.

Little Rock, Sept. 7.—A quarantine
guard at Cypress, on the Arkansas-
Louisiana state line, shot and killed
an unknown negro who was trying to
break through the quarantine Wednes-
day afternoon. The negro had assault-
ed the guard, who claims that he shot
in self-defense. Governor Davis has
ordered the soldier turned over to the
sheriff and instructed Captain Pinney,
the commanding officer, to have an in-
quest held over the body.

First Fatality.

Vicksburg, Miss., Sept. 7.—One new
case of yellow fever was reported
Wednesday, making a total of fifteen,
ten of which are still under treatment.
An autopsy performed on the body of
a quarantine guard who died south of
the city shows that death was due to
yellow fever, the first fatality to occur
in this vicinity.

Mississippi Fever Record.

Jackson, Sept. 7.—Mississippi's yel-
low fever record for Wednesday is as
follows: Vicksburg, two cases, one
death; Gulfport, two cases; Mississippi
City, two cases, discovered during con-
valescent period; Pearlinton, one new
case.

Natchez Will Fumigate.

Natchez, Miss., Sept. 7.—Sept. 10 will
be general fumigation day. Hours will
be from 10 o'clock to noon. If neces-
sary, the city will furnish the sulphur.

THIRTEEN NEW CASES.

Infected Cholera Area Has Been Con-
siderably Widened.

Berlin, Sept. 7.—Thirteen new cases
of cholera and two deaths were re-
ported during the twenty-four hours end-
ing at noon Wednesday, making a total
of ninety cases and twenty-six deaths.

The infected area was considerably
widened Wednesday. The river Oder
has become tainted. Three cases have
been reported from the administrative
district of Frankfort-On-the-Oder.
Thirty boatmen have been quarantined
at Kurtrin, a railway town. Sharp san-
itary precautions have been taken
throughout the district.

Series of Sharp Encounters.

Tokio, Sept. 7.—The Japanese de-
feated the Russians in a series of sharp
encounters in northern Korea Sept. 1.

RIOTING CONTINUED ON

Attempts Were Made to Destroy
Officials' Residences.

TOKIO TURBULENCE.

Destruction of Police Substations Is
Carried on Until Midnight, and
In Encounter Two Slain
and Five Hundred Hurt.

Tokio, Sept. 7.—Serious rioting fol-
lowed the attack Tuesday on the office
of the Kokumin Shimbun, the govern-
ment organ. The mob attacked and
burned the official residence of the
minister of home affairs, which stood
between the Nobles' club and Imperial
hotel and faced Hibiya park, which
was the storm center throughout the
day. Threatening demonstrations oc-
curred in the neighborhood of the of-
ficial home of Premier Katsura and
Baron Komura, foreign minister, who
is now in the United States, but the
police succeeded in preventing injury of
occupants or damage to houses. Tur-
bulent crowds filled the streets and it
was feared much damage to property
was possible under cover of darkness.
All police reserves performed urgent
duty, heavily guarding danger spots.
The streets in the neighborhood of the
Kokumin Shimbun were closed and 200
police formed a cordon around the
office.

Destruction of police substations
continued until midnight. It is impos-

HOW M. WHITE AND BARON KOMURA COM-
PARE IN SIZE.

sible to ascertain the exact number
destroyed, but it is estimated fifteen
were wrecked. Two of the larger po-
lice stations were also destroyed. The
mobs generally prevented damage to
adjoining private property by dragging
police kiosks into the middle of the
streets before applying the torch.

Shortly after midnight another at-
tempt was made on the Kokumin
Shimbun office, but the police dispersed
the attackers, killing one. The fact
that the man was cut in the back an-
gered the crowd, which demanded the
arrest of the policeman. Detachments
of national troops mobilized on account
of the war was called out during the
night. Crowds received the soldiers
good naturedly and cheered them. The
principal duty of troops was protection
of police from turbulence of crowds,
chiefly on account of closing of the
park and denial of right to publicly
meet. Students and young street row-
dies seemed to be the largest partici-
pants in the disorder of the night.
Firemen succeeded in saving the main
structure of the home minister's resi-
dence, only the outbuildings being de-
stroyed.

It is impossible to secure accurate
figures of casualties. The Jiji esti-
mates them at two dead and 500
wounded.

ITO STONED.

Life of President Harriman of South-
ern Pacific Threatened.

Tokio, Sept. 7.—Life of E. H. Harri-
man, president of the Southern Pacific
Railroad company, has been threatened
by a mob. Another mob stoned Mar-
quis Ito, but not seriously.

Crowds menaced a neighboring po-
lice kiosk, filled the space in front of
the American legation and hooted and
jeered the soldiers escorting the Harri-
man party, who with fixed bayonets,
charged the crowd and cleared the
streets. They guarded the legation
throughout the night. A dinner
planned by a bank in honor of the Har-
riman party did not take place owing
to disturbed conditions.

Brown Passes Away.

Stillwater, Okla., Sept. 7.—William

nent Republican leader of Payne coun-
ty, died on his farm near this city.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - Per Month, 40c

FRIDAY, SEPTEMBER 8.

A quarantine guard at Vicksburg, Miss., succumbed to yellow fever at his post.

The peace envoys, having finished making peace, have been making merry at many winings and dinings.

By direction of State Health Officer, Tabor Dr. J. F. Eaves has gone to Maysville, I. T. to investigate the yellow fever situation.

The cholera epidemic is becoming serious in Europe and may reach a point where it will affect the cotton market.

The Southern Cotton Association has named a committee to fix a minimum price for the staple, which will probably be 11 cents.

MADE BRYAN WHAT SHE IS.

Advertising—A Silent, but Active Power that Works While We Sleep.

Dallas has her Hundred and Fifty Thousand club, and her chamber of commerce; Houston has her business league, Hutchins has a Ten Thousand club, Madisonville and scores of other towns have their organization of business men to promote trade, and they advertise to beat the band.

Bryan is one of the best advertised towns in her own territory that there is in Texas and that is largely what has made her what she is today.

The Eagle's Trade Edition has been well subscribed to and will do a vast deal to keep the wheels rolling toward Bryan. Better get in the band wagon, if you haven't yet come in.

Nothing Heard.

New York, Sept. 7.—At the Southern Pacific offices it was said Thursday no word had been received from Harriman from Tokio. His assistants were of the opinion the hostile demonstrations were in no sense personal. Mr. Harriman's visit to Japan, it is declared, is entirely for recreation and pleasure.

Anxious to See Root.

New York, Sept. 7.—Baron Komura, after reading Associated Press dispatches telling of riots at Tokio and reference to E. H. Harriman, immediately endeavored to reach Secretary of State Root. Mr. Sato said Baron Komura was extremely desirous of seeing Mr. Root.

COTTON GROWERS.

Some Favor Eleven Cents, While Others Insist on Twelve.

Asheville, N. C., Sept. 7.—The Southern Cotton Growers' association convened here Wednesday. The opening session was devoted to the appointment of committees, among them one to fix the minimum price at which the farmer should sell his cotton this year. Some delegates favor 11 cents, while others insist on 12.

Resolutions committee is J. D. Smith, South Carolina; J. L. Hickey, Texas, and S. Witherspoon, Mississippi.

Sadie Mac, the noted Canadian mare, fell dead at Hartford, Conn., while in the fourth heat of the Charter Oak \$10,000 stake.

HORRIBLE SUICIDE.

Boy Pulls Gun Trigger With Foot and Blows Head to Atoms.

Wills, Tex., Sept. 7.—After eating his dinner Wednesday, Pontaine Fox, fifteen years old, went upstairs to his room, pulled off a shoe, sat down on the bed, placed the muzzle of a shot-gun under his chin, pulled the trigger with his foot and literally blew his head into atoms.

FATAL DISPUTE.

W. G. Rasbury Killed and Herman Kannamacher Held.

Dallas, Sept. 7.—As the result of a dispute over a game of dominoes at W. T. Strong's saloon, 320 Main street, Wednesday night, W. G. Rasbury was shot, dying an hour afterward, and Herman Kannamacher, the bartender, arrested and taken to jail. The bullet entered the left side of the neck. Rasbury, who was thirty-five years old, after being shot staggered out of the saloon and fell on the sidewalk. He kept repeating, "I am going to die." Just as the ambulance reached the hospital with Rasbury he expired.

Bitten by Skunk.

El Paso, Sept. 7.—W. E. Holt, a cowboy, who was bitten in Arizona by a skunk, came here. He has gone to Austin for treatment. The animal bit a cheek while he was asleep and had such a firm hold that he was obliged to shoot the creature twice.

ADDRESS ADOPTED.

Executive Committee Has Also Been Decided Upon by Convention.

Muskogee, Sept. 7.—At the constitutional convention Wednesday a feature was the reading of a song entitled, "Wahona: The Song of the Dying Nations," by C. N. Haskell. The words and music are by Mrs. Zoe M. Duckworth, an Indian woman, daughter of John Bullitt, the well-known Delaware attorney. It was sung at the evening session of the convention by Robert O. Hare and excited much comment.

The address of the convention to the people in explanation of the constitution, and the address of the Five Civilized Tribes were formally adopted, while the campaign committee reported the selection of the following executive committee: C. N. Haskell, chairman; James G. Bennett, secretary; U. S. Russell, George W. Scott, T. F. Shackelford, W. H. Murry, J. B. Couch, B. F. Marshall and Judge John R. Thomas. Mr. Haskell declined to serve and Judge H. M. Baker was selected. This committee will have charge of the active campaign work.

ROASTER EXPLODES.

Mrs. McGuire Killed and Three Other Persons Are Injured.

Waggoner, I. T., Sept. 7.—Mrs. Robert McGuire was killed and three others injured as a result of the explosion of the gasoline tank of a peanut roaster. The roaster was stationed in front of McGuire's book store. The tank shot through a screen door, striking Mrs. McGuire in the stomach. The injured are C. W. Sheldon, struck in the back with large piece of glass, seriously hurt; David Campbell and Ed Mullins.

Weds Chorus Girl.

Guthrie, Sept. 7.—Lawrence Brown of Boone, Ia., an inspector for the interior department at Washington, was married to Miss Florence Hargraves, a chorus girl with the Irma Comic Opera company, which is playing through Oklahoma at present. Mrs. Brown has left the company.

Made Confederate Rifles.

Lexington, Okla., Sept. 7.—W. S. Traylor, who made rifles for the Confederates in Alabama during the Civil war, is dead here. Mr. Traylor was a resident of Oklahoma and Indian Territory thirty years, and leaves a widow and eleven children.

Negro Preachers Fined.

Guthrie, Sept. 7.—Rev. T. S. Lyons and Rev. T. Nightingale, two negro Baptist preachers, arrested last Friday for fighting during the Territorial Baptist conference here, were convicted in the police court and fined \$10 and costs each.

FROM FOREST FIRES.

Flames Starting Thus Consume a Number of Buildings.

Wallace, Ida., Sept. 7.—Flames catching from forest fires three miles from Mullen completely destroyed a boarding house, bunks and tents at Snowstorm mine and threatened ore bins. The entire force of the mine was out fighting the flames to protect timbering in the tunnel. Every bucket in Mullen was brought into use and an army of men poured water on the flames. The forest fires east of here are destroying hundreds of acres of timber.

THE MARKETS.

Kansas City Cattle and Hogs.

Special to the Bryan Eagle.

Kansas City, Mo., Monday, Sept. 4, 1905. Steers sold strong at the close of last week in the Quarantine division, making a small gain for the week, cows closed the week steady, veals 50 cents higher. The run was 322 cars against 263 cars the previous week. Supply today in Quarantine division in small, at 2500 head, market steady on steers, cows 10 lower, veals steady. The best steers sold at \$3.75 last week, this sale on Friday, with a few teers at \$3.60 to \$3.70, bulk of steers \$3.20 to \$3.50. Top cows last week \$2.70, bulk of fair to good cows \$2.35 to \$2.55, canners about as usual, \$1.75 to \$2.25. Several droves of nice light calves sold at \$6.00, and this price was duplicated today, heavier ones from \$3.75 upwards, bulls \$2.00 to \$2.25. Kansas City packers slaughtered 155,000 cattle during August this year as compared with 95,000 killed in August last year, while stocker and feeder buyers took out 70,000 cattle this year, against 65,000 last year in August. With this large demand from the packers, and with the improvement expected in the stocker and feeder trade, account of the big corn crop, it looks like the market could take care of any runs that are likely to come.

The packers have apparently set out to break the hog market. 25 cents was taken off last week, and the market is 5 to 10 lower today. Receipts are extremely small, only 3000 today, but this has no effect whatever on prices. Top today is \$5.80, bulk of sales \$5.65 to \$5.75. If receipts continue small the decline may be checked temporarily.

SULTAN YIELDS.

Ruler of Morocco Has Given in to the Demands of France.

Paris, Sept. 7.—A dispatch to the foreign office from M. St. Rene Taillandier, minister to Morocco, announces that the government has yielded to the French demands and given complete satisfaction.

The foreign office was highly gratified to receive a dispatch from the French minister at Fez announcing the sultan had yielded all points demanded in the French ultimatum. The dispatch says Sept. 4, the day preceding the expiration of the ultimatum, Grand Vizier Si Freedoul Garnit, accompanied by a retinue, went to the French legation, where he was received by the minister and staff and leading European officials. The grand vizier then publicly presented a formal apology for the arrest of French Algerian citizen, Bouzian, and handed the minister the amount of indemnity demanded for the imprisoned man and also presented letters from the Moroccan ministry of foreign affairs announcing the cad responsible for Bouzian's arrest had been removed. The French minister answered, accepting the excuses and reparation given, and thereupon propositions for departure of the delegation preliminary to enforcement of France's demands were suspended. The foreign office here says the reparation is complete on all points and the incident closed, thus terminating anticipated resort to coercion through the military and naval branches of the service.

COTTON CROP SUMMARY.

Yield For the Present Season Regarded as Exceedingly Small.

Asheville, N. C., Sept. 7.—Summary of cotton crop of 1905-06 as reported by statistical committee of Southern Cotton Growers' association reported Thursday is as follows: Production, 9,588,133 bales; percentage of condition as compared with last year, 73.3; as compared with government's estimate of 72.1. The yield is regarded as exceedingly small, as from 10,000,000 to 10,500,000 bales were expected.

FAMILIES FIGHT.

Three Brothers Were on One Side and Same Number on Other.

Ardmore, Sept. 7.—In a pitched battle near Palmer, a small town north-east of here, between two families of three brothers each, one of the participants was shot through a hand. Strange to say, although the six men were continually firing at each other with Winchester, only one of the number was slightly wounded. One family is named Norman and the other Blankenship. All parties were lodged in jail here.

NOTED DOCTOR DEAD.

Was Eminent Practitioner and In Confederate Congress.

Nashville, Sept. 7.—Dr. Thomas Meenees, one of the most eminent physicians in the south, is dead at his home, near Nashville, aged eighty-three. In 1861 Dr. Meenees was elected a member of the Confederate congress and remained a member of that body until the dissolution of the Confederate government. Deceased had been professor of obstetrics in the medical departments of the University of Nashville and Vanderbilt university.

BURN CHURCHES.

Ten Christian Structures and a Mission School Destroyed.

Tokio, Sept. 7.—A mob Wednesday night burned ten Christian churches and a mission schoolhouse. Those in charge were not injured.

Insurance Figures.

Austin, Sept. 7.—State Insurance Commissioner Clay gave out his statement, showing that for the fiscal year ending Aug. 31, 1905, there were 368 insurance companies doing business in Texas, which includes old liners, fraternal, assessment and other kinds. This is quite an increase over last year. The number of agents commissioned by the department to represent all these companies is 23,733.

Substance Sent.

London, Sept. 7.—The substance of the new Anglo-Japanese treaty has been communicated by the British foreign office to the state department at Washington through ambassador to Great Britain, Sir Martineau Durand. Other powers concerned have been similarly notified through British representatives at different capitals. No details of contents of the treaty have not yet been given out here.

MILLIONS OF MOSQUITOES.

Myriads From the Marshes Descended Upon the Crescent City.

New Orleans, Sept. 7.—Millions of marsh mosquitoes, which descended upon New Orleans Wednesday night, made life miserable for several hours, but have disappeared. They left a large representation behind them, but it is expected they too will soon leave. Having striped legs, the public promptly concluded that the insects was stegomyia and its appearance caused something of a panic, but scientists quickly pointed out that it had a brown instead of striped body and, therefore, was harmless except that its sting is painful. The insect is known as the solicitors mosquito. It was driven into the city by heavy rains and winds of the past few days.

Yellow fever situation shows no material change, steady improvement being shown in the city, while the country situation is discouraging as to some sections, the disease apparently having a stronghold at Tallulah and Lake Providence, and being still severe at points in Jefferson, St. Charles and St. John parishes. Lake Providence and Tallulah have each established two hospitals—one for blacks, and assistance is constantly going forward to them. In both towns screening and fumigating bodies have been organized and a systematic fight against the disease has begun.

The local business situation is steadily improving. In spite of quarantines August statistics of railroads make a gratifying showing.

A strange story comes from St. Rose, La., where there has been a nest of yellow fever there among the Italian colony. Fifty cases occurred to date, with eight deaths. The Italians have been in the habit of burying their dead as soon as life appeared to be extinct. Wednesday one of their number apparently died. Hasty preparations were made for interment when a physician appeared on the scene and discovered life was still existent in the body. The man is improving.

Eleven new cases of yellow fever and six deaths were reported up to noon Thursday.

EMBARGO EXTENDED.

It Now Includes Every Portion of Northeastern Louisiana.

Shreveport, Sept. 7.—The embargo on passenger traffic into Shreveport has been extended to include all northeastern Louisiana. Following the many new fever cases reported at Tallulah, La., and Vicksburg, and the failure of intermediate towns along the Vicksburg, Shreveport and Pacific railway to quarantine board of health issued sweeping injunction prohibiting either travel or intercourse eastward beyond the extreme eastern limits of Bossier parish. Local quarantine lines are also reinforced.

NO FEVER SYMPTOMS.

None of the English Family Have the Yellow Malady.

Ardmore, Sept. 7.—Government Expert Loving arrived at Maysville Wednesday night and pronounced no symptoms of yellow fever in the family of H. P. English, who died Monday night, supposedly of yellow fever. A man named Baker died Wednesday near Wallville, a small town near Maysville, supposedly of yellow fever. Loving went there and examined the case and pronounced it malarial fever.

CORBIN AT AMOY.

General and Party Viewed Scenes of the Recent Riots.

Amoy, China, Sept. 7.—The transport Logan with Major General Corbin and party on board arrived here. Many of the party went on shore and viewed the scenes of the recent riots. The present condition of affairs in connection with the anti-American boycott movement is uncertain and coolies are expected to make a serious outbreak on or about Sept. 13. All members of the party are reported well on board the Logan.

The riots referred to took place July 22 last. On that date a mob of Chinese fanatics, after attending a meeting where resolutions were passed pronouncing a boycott on American products, attacked the American consulate and threatened native servants of Consul Anderson with death. Local authorities promptly put down the uprising, which for a time assumed serious proportions, and punished the offenders.

BROKE OUT AGAIN.

Fire Once More Rages In Forests and Men Barely Escape.

Albany, Ore., Sept. 7.—A fire has again broken out in the forests east of the Mill City logging camp in the Cascade mountains. Men barely escaped from the camp with their lives. Last week's fire was thought to be under control, but high winds of Wednesday fanned the embers into flames. It is now traveling into the Cascade mountains, destroying a fine body of timber and doing damage otherwise.

SIX CHOLERA DEATHS.

There Has Been a Total of One Hundred and Five Cases.

Berlin, Sept. 7.—An official bulletin announces fifteen new cases of cholera and six deaths reported during the twenty-four hours ending at noon Thursday. There is a total of 105 cases and thirty-two deaths.

MINOR MATTERS.

Mrs. W. N. Dick of Ponca City, Okla., was seriously spider bitten.

Over 600 Indian Territory schools opened. Number of pupils is about 100,000.

At Fort Cobb, Okla., Mrs. J. H. Armstrong was critically injured in a runaway.

Over 200 dogs have been captured and executed at Texarkana past two weeks.

CULBERSON CONFIDENT.

Texas Senator Thinks There Will Be Railroad Legislation.

New York, Sept. 7.—Senator Charles A. Culberson of Texas, now in this city, is quoted by the Times as having expressed the belief that legislation on governmental regulation of railroad rates will be enacted at the session of congress, which will begin a few weeks hence. Although the house may not act quickly, he says, the senate will deliberate slowly and carefully.

"I think the Democrats of the senate, although I am not authorized to speak for any one but myself, will co-operate with the Republicans who stand by the president in an effort to secure this legislation," the senator continued. "The house passed a bill last session, but the senate, owing to delay in the committee on interstate commerce, was unable to do anything. Those who favored delay last session plainly stated that they would agree to take up the subject under consideration this winter, so that it may be generally anticipated that something will be done."

JAPS RETIRED.

General Linevitch Also Reports An Offensive Movement.

St. Petersburg Sept. 7.—Telegraphing to Emperor Nicholas under date of Sept. 5, General Linevitch reported that the Japanese, Sept. 4, started to advance along the Mandarin road and began constructing entrenchments, but retired after meeting the Russian artillery fire.

The general also reported an offensive movement by several battalions of Japanese, accompanied by cavalry and artillery, in north Korea Sept. 3, but the result was not announced in time to be sent in the dispatch.

The news of the signing of the peace treaty resulted immediately in an unwonted outburst of unwonted work at the foreign office. All the articles of the treaty are being copied. Each ministerial department will be supplied with an official copy to the end that every provision of the treaty shall be understood thoroughly by each ministry, particularly in the bearing on the changes provided for by the treaty which must be carried out by the different ministers and departments.

The carrying out of the provisions will be proceeded with at once. The news of the signing of the treaty was communicated immediately by the ministers of war and marine, respectively, to the army and navy. An armistice will become operative with the official statement from here that the treaty has been signed. Many minor details of the armistice will be arranged in the field.

The rumors that the peace treaty contains a secret clause are declared on the best authority to be utterly unfounded. The treaty contains no clauses which will not be published with the ratification of the document.

Street Named Roosevelt.

Vienna, Sept. 7.—The municipal council proposes to perpetuate the memory of President Roosevelt's success in restoring peace by repaving a street Theodore Roosevelt and cabling thanks of the city of Vienna. Proposal has been formally introduced and set down for early consideration.

Desperate Situation.

St. Petersburg, Sept. 7.—The desperate condition of affairs at Baku is shown by a telegram from the governor of Baku, who sent an urgent dispatch to Tiflis saying his troops were surrounded by Tartars and will inevitably be overwhelmed unless immediately relieved.

England's First Organ.

Elfeg, bishop of Winchester during the reign of Alfred the Great, is reputed to have procured an organ for his cathedral. It was the largest instrument then known, having 400 pipes divided among ten keys, supplied by wind from twenty-six pairs of bellows and requiring the services of no fewer than seventy blowers. Judging from this, the Winchester organ either came from Germany or was built upon a German model, for in that country, until much later, the wind was provided by a species of treadmill arrangement whereon the blowers gripped a bar, each working two pairs of bellows, like those of our smiths, with their feet.—London Queen.

Splitting Paper.

Very often it is worth knowing how to split a sheet of paper. Suppose you had an article which was printed on both sides and you desired to paste it in your scrapbook. You would paste it between two sheets of stout paper and, when nearly dry, draw these apart. You will have half of the printed sheet on each, and by the use of moisture you can readily detach them.

Three of Them.

One word in the English language in which the vowels occur in regular sequence is "facetious." Is there another?—Rochester Post-Express.

Ever hear of the word "abstemious"?—Cleveland Leader.

What is the matter with "arsenious"?—New York Tribune.

Autobiographies.

All autobiographies are lies. No man is bad enough to tell the truth about himself during his lifetime, and no man is good enough to tell the truth to posterity in a document which he suppresses until there is nobody left alive to contradict him.—George Bernard Shaw.

Woke Him Up.

Bashful Beaumont—Er—I—er—dreamt I—er—kissed you last night. What's that a sign of?
